# EVALUATION CRITERIA

A single stage open tender process was used. The following qualification criteria were used to assess the suitability of applicants.

## Financial due diligence

Applicants were first assessed on their annual turnover for the past three years by comparison to the minimum turnover requirements for the lots they have applied for. Applicants that met the turnover requirement were then assessed on profitability and liquidity.

## Accreditations and certifications

Applicants were requested to provide evidence they have in place the relevant health and safety, environmental, equality and quality systems listed below to be considered eligible for the Framework.

## Environmental Management

UKAS (or equivalent) accredited independent third-party certificate of compliance with BS EN ISO 14001 (or equivalent) or a valid EMAS (or equivalent) certificate.

## Quality Management

UKAS (or equivalent) accredited independent third-party certificate of compliance in accordance with BS EN ISO 9001 (or equivalent).

## Health and Safety

The applicant must hold a UKAS (or equivalent), accredited independent third-party certificate of compliance in accordance with BS OHSAS 18001 (or equivalent) or have, within the last 12 months, successfully met the assessment requirements of a construction-related scheme in registered membership of the Safety Schemes in Procurement (SSIP) forum.

## Compliance with Equality Act 2010

Applicants will be required to evidence through several confirmatory statements they are compliant with the Equality Act 2010 and have measures in place to promote equality and diversity within their organisation.

## LHC Lifetime Values

In addition to providing our partners with competitively tendered Framework Agreements for building works, goods, and services CPC is committed to delivering tangible social value and community benefits that meet local and regional needs. CPC work with our partners and appointed companies to ensure that wherever possible projects delivered using our Frameworks leave a social legacy.

CPC has aligned its activities to create the LHC Lifetime Values, which uses the four key value categories as identified in the value toolkit by the Construction Innovation Hub (CIH). CIH has been established by Government to progress innovation in the construction sector.

During the life of the Framework CPC will work with partners and appointed companies to promote, identify, implement, and monitor the impact of these value categories, which could be supported by social value and community benefit initiatives alongside the delivery of the works or service contracts in meeting local/regional needs.

# CALL-OFF ADWARD OPTIONS

The Framework allows clients the option of:

**Direct award** without further competition, where all terms and conditions of the call-off project are within the terms and conditions of the framework

OR

**Mini-competition**, where terms and conditions of the call-off may vary or be modified from the framework or at the choice of the client.

When calling off projects, clients can use any one of a range of standard forms of building contract including JCT/SBCC, NEC/NEC4, ACE, PPC, TPC, FAC1, or their own in-house agreement.

## Eligibility

CPC is a not-for-profit organisation, governed by public law and a central purchasing body providing procurement services. Over 200 publicly funded organisations throughout England use CPC frameworks to procure works, goods and services to: construct, refurbish and maintain social housing, schools and public buildings. These include:

- > Local Authorities and any subsidiaries and joint-venture vehicles of those Local Authorities.
- > Registered Social Landlords (RSL), Tenant Management Organisations (TMOs) & Arm's Length Management Organisations (ALMOs)
- > Registered Charities
- > Publicly Funded Schools
- > Universities and Further Education Establishments
- > Colleges
- > Police Forces
- > Fire and Rescue services
- > Health Authorities, Councils, Boards and Trusts

Details of those contracting authorities identified are listed at [www.cpconstruction.org.uk/who-we-work-with/](http://www.cpconstruction.org.uk/who-we-work-with/)

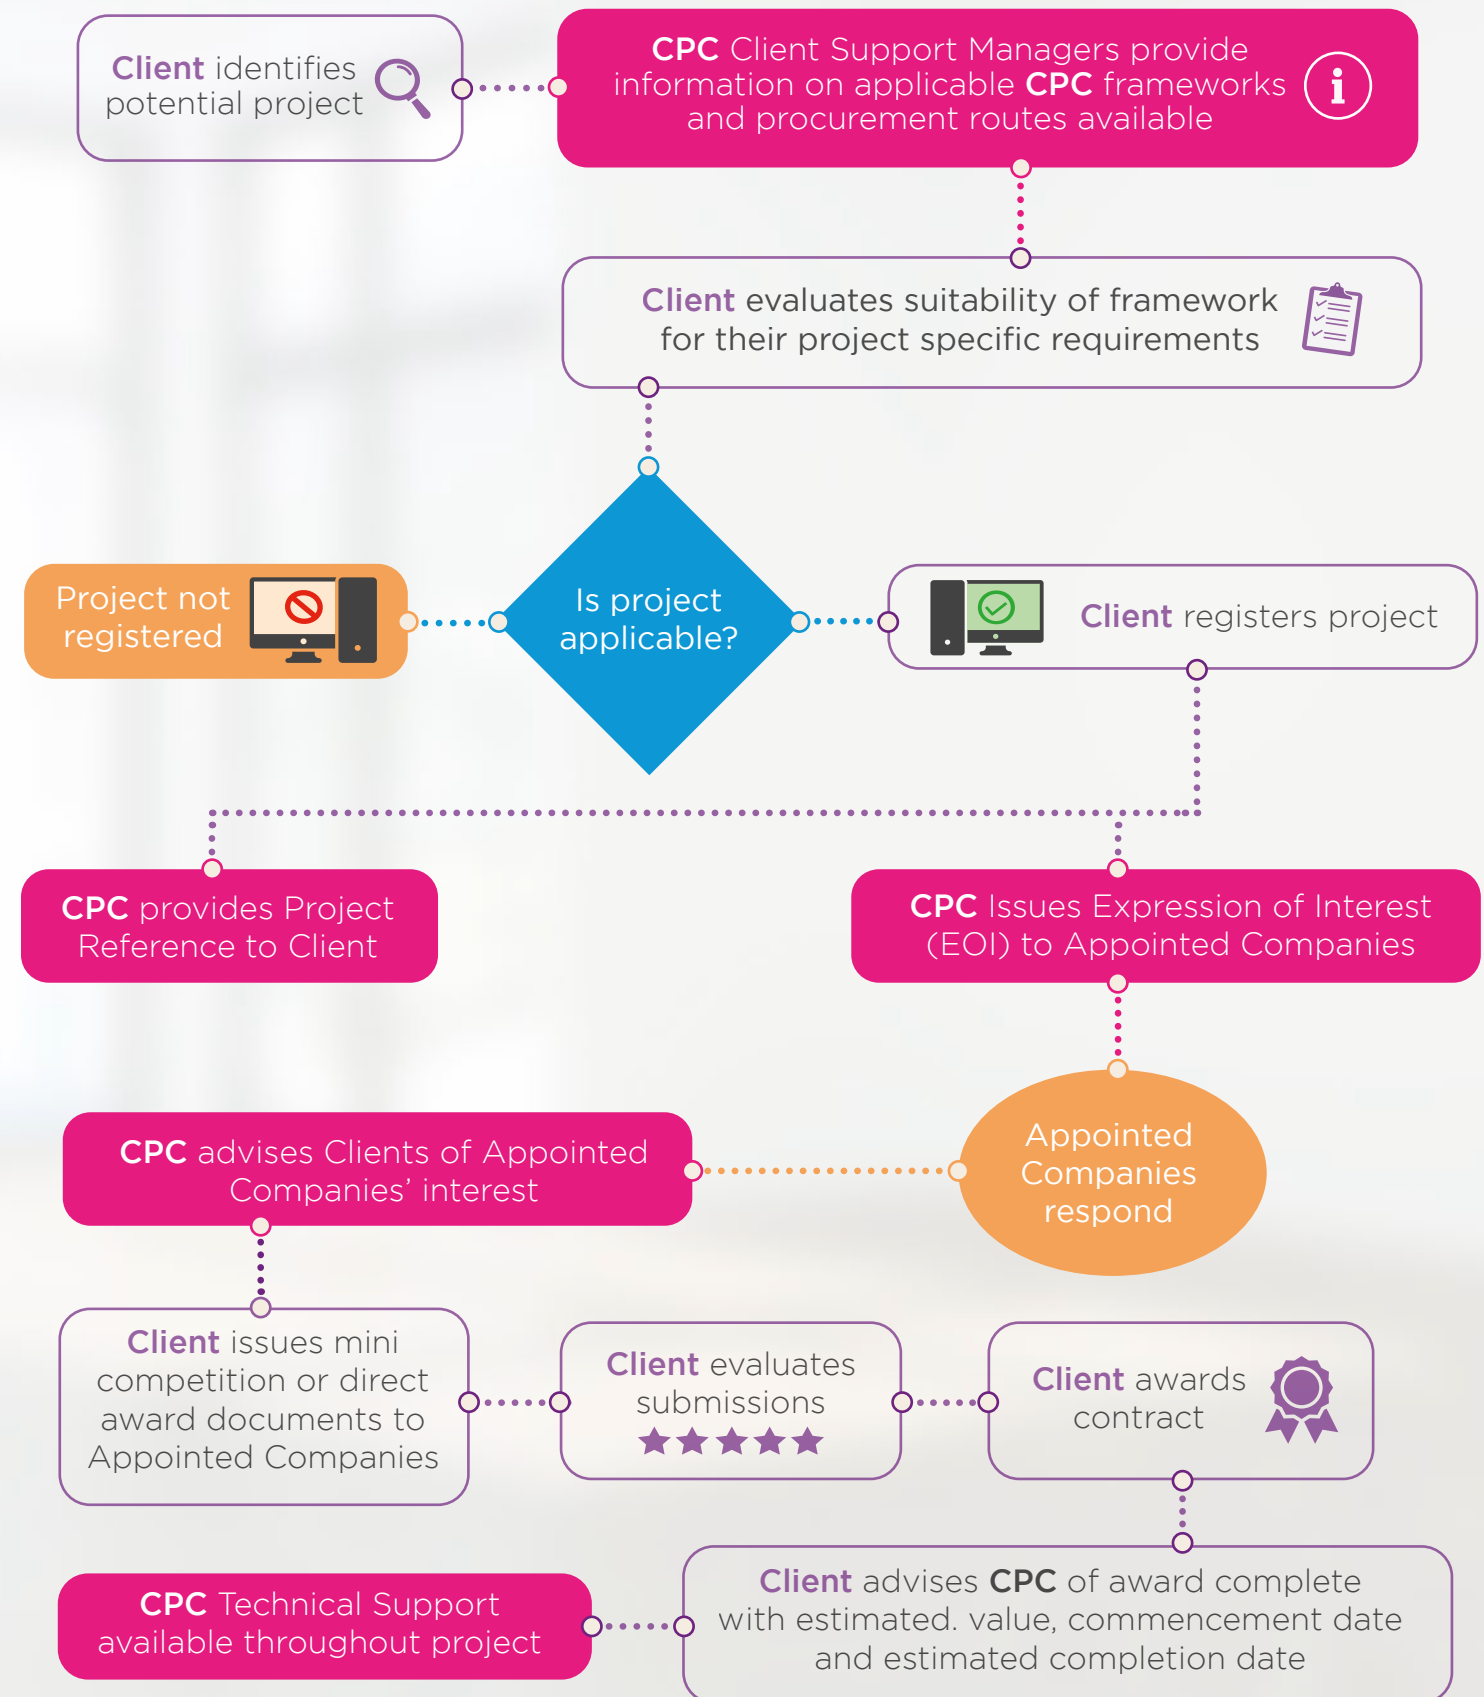

## Accessing the Framework

Companies appointed to CPC frameworks are required to pay a small percentage ('the levy') of the total value of every invoice submitted to clients and to submit quotations to clients that are inclusive of the levy. There are no access fees in order to browse our frameworks. As a not-for-profit organisation, CPC returns surplus levy income to our clients to support social value initiatives in the local communities they serve.

## General Terms and Conditions

LHC uses the FAC-1 standard form of contract to manage our frameworks. The LHC pro forma, which should be read in conjunction with the FAC-1 in published form, details the terms and conditions that govern the operation of the framework, including the procedures to call off projects under the framework. A free copy of the LHC proforma is available upon request. The FAC-1 in standard published form can be purchased at a negotiated rate from ACA, by emailing [office@acarchitects.co.uk](mailto:office@acarchitects.co.uk) and quoting discount code reference: LHCFAC2516102017.
