ABOUT THIS FRAMEWORK

This NPA framework has been developed to provide an efficient, value for money procurement route for local authorities, social landlords and other public sector bodies for the construction of new buildings, extensions and refurbishment of public buildings and infrastructure works including:

- > Education buildings
- > Healthcare buildings
- > Emergency services buildings such as fire stations, ambulance stations and police stations
- > Community buildings such as community centres and sports facilities
- > Offices and other buildings for social infrastructure
- > Residential properties when part of a mixed-use development
- > Conversion of commercial buildings for residential use
- > Delivery of student accommodation
- > Associated works that may be required to deliver the types of buildings above or other public buildings
- > Infrastructure works such as bridges, retaining walls, drainage, new roadways etc

The tender was carried out in strict accordance with the EU Procurement Directive and UK public sector procurement rules. Places on the framework were awarded to 22 different suppliers in four workstreams and across 18 regional lots.

The term of the framework is from **1st October 2021 to 30 April 2026**. However, individual call-off projects can be completed beyond the four-year duration of the framework as long as a contract is in place prior to the framework expiry date.

Bond Bryan Architects

NPA provides legally compliant frameworks and DPS' which can be used by local authorities, social landlords and other public sector organisations to procure works, products and services for consultancy, compliance, refurbishment and modernisation, energy efficiency and development projects.

The Northern Procurement Alliance brand, which is part of the LHC Procurement Group (LHCPG), offers advice, support and guidance to all public sector organisations across North England, with access to LHCPG's suite of

framework solutions, which are built on more than 50 years of public sector construction procurement expertise and knowhow.

This means no matter how large or small your scope of work requirements are, you will have peace of mind that our extensive range of pre-approved suppliers will deliver your project on time, on budget and to the agreed quality standards.

WORKSTREAM OPTIONS

Workstream 1 - New Build only

Covers the provision of extensions and new build works construction projects with a value between £0 and £2 million.

This can also include the refurbishment of existing buildings where required as part of the new build project to interface with an existing building.

Where required associated infrastructure works can be included in a project but standalone infrastructure cannot be delivered through this workstream.

Project Value Band

£0 - £2 million

Workstream 3 - New Build and Refurbishment

Allows for projects that consist of the construction of new build and / or the refurbishment of existing buildings with a project value of between £2 million and £7 million.

Where required, associated infrastructure works can be included in a project, but standalone Infrastructure cannot be delivered through this workstream.

Project Value Band

£2 million - £7 million

Workstream 2 - Refurbishment only

Covers the provision of specialist refurbishment works to existing building projects with a value of between £0 and £2 million.

Project Value Band

£0 - £2 million

Workstream 4 - New Build, Refurbishment and Infrastructure

Allows for projects that consist of the construction of new build and / or the refurbishment of existing buildings across three project value bands.

Additionally, this workstream is capable of delivering a variety of standalone infrastructure projects including flood prevention/mitigation, roadways, drainage, bridges, and more.

Project Value Bands

£7 million - £14 million
£14 million - £25 million
over £25 million

LHCPG Lifetime Values

In addition to providing our partners with competitively tendered Framework Agreements for building works, goods, and services NPA is committed to delivering tangible social value and community benefits that meet local and regional needs. NPA work with our partners and appointed companies to ensure that wherever possible projects delivered using our Frameworks leave a social legacy.

NPA has aligned its activities to create the LHCPG Lifetime Values, which uses the four key value categories as identified in the value toolkit by the Construction Innovation Hub (CIH). CIH has been established by Government to progress innovation in the construction sector.

During the life of the Framework NPA will work with partners and appointed companies to promote, identify, implement, and monitor the impact of these value categories, which could be supported by social value and community benefit initiatives alongside the delivery of the works or service contracts in meeting local/regional needs.

EVALUATION CRITERIA

A single stage open tender process was used. The following qualification criteria were used to assess the suitability of applicants.

Financial Due Diligence

Applicants were assessed on their turnover and checked via Credit Safe. The results of these checks were assessed on a pass/fail basis.

In addition to the financial stability assessment, the minimum annual turnover requirement for each value band is as follows:

	Project Value Bands				
	£0 - £2m	£2m - £7m	£7m - £14m	£14m - £25m	over £25m
Minimum average turnover (over the past 3 years)	£2,000,000	£5,000,000	£25,000,000	£50,000,000	£100,000,000

Accreditations and Certifications

Applicants must provide evidence they have in place the relevant health and safety, environmental, equality and quality systems listed below to be considered eligible for the Framework.

Environmental Management

UKAS (or equivalent) accredited independent third-party certificate of compliance with BS EN ISO 14001 (or equivalent) or a valid EMAS (or equivalent) certificate.

Quality Management

UKAS (or equivalent) accredited independent third-party certificate of compliance in accordance with BS EN ISO 9001 (or equivalent).

Health and Safety

The applicant must hold a UKAS (or equivalent), accredited independent third party certificate of compliance in accordance with BS OHSAS 18001 (or equivalent) or have, within the last 12 months, successfully met the assessment requirements of a construction-related scheme in registered membership of the Safety Schemes in Procurement (SSIP) forum.

Compliance with Equality Act 2010

Applicants were required to evidence through several confirmatory statements that they are compliant with the Equality Act 2010 and have robust measures in place to promote equality and diversity within their organisation.

Minimum Insurance Cover

Throughout the duration of the framework, applicants are required to have the minimum levels of insurance to be considered as set out in the table below.

	Project Value Bands				
	£0 - £2m	£2m - £7m	£7m - £14m	£14m - £25m	over £25m
Employer's Liability Insurance	£5,000,000	£5,000,000	£10,000,000	£10,000,000	£10,000,000
Public Liability Insurance	£5,000,000	£10,000,000	£10,000,000	£10,000,000	£10,000,000
Professional Indemnity Insurance	£1,000,000	£2,000,000	£5,000,000	£10,000,000	£10,000,000
Product Liability Insurance	£1,000,000	£2,000,000	£5,000,000	£10,000,000	£10,000,000

CALL-OFF AWARD OPTIONS

The Framework allows clients the option of:

Direct award without further competition, where all terms and conditions of the call-off project are within the terms and conditions of the framework

OR

Mini-competition, where terms and conditions of the call-off may vary or be modified from the framework or at the choice of the client.

When calling off projects, clients can use any one of a range of standard forms of building contract including JCT/SBCC, NEC/NEC4, ACE, PPC, TPC, FAC1, or their own in-house agreement.

Eligibility

NPA is a not-for-profit organisation, governed by public law and a central purchasing body providing procurement services. Over 200 publicly funded organisations throughout England use NPA frameworks to procure works, goods and services to: construct, refurbish and maintain social housing, schools and public buildings. These include:

- > Local Authorities and any subsidiaries and joint-venture vehicles of those Local Authorities.
- > Registered Social Landlords (RSL), Tenant Management Organisations (TMOs) & Arm's Length Management Organisations (ALMOs)
- > Registered Charities
- > Publicly Funded Schools
- > Universities and Further Education Establishments
- > Colleges
- > Police Forces
- > Fire and Rescue services
- > Health Authorities, Councils, Boards and Trusts

Details of those contracting authorities identified are listed at www.northernprocurement.org.uk/who-we-work-with/

Accessing the Framework

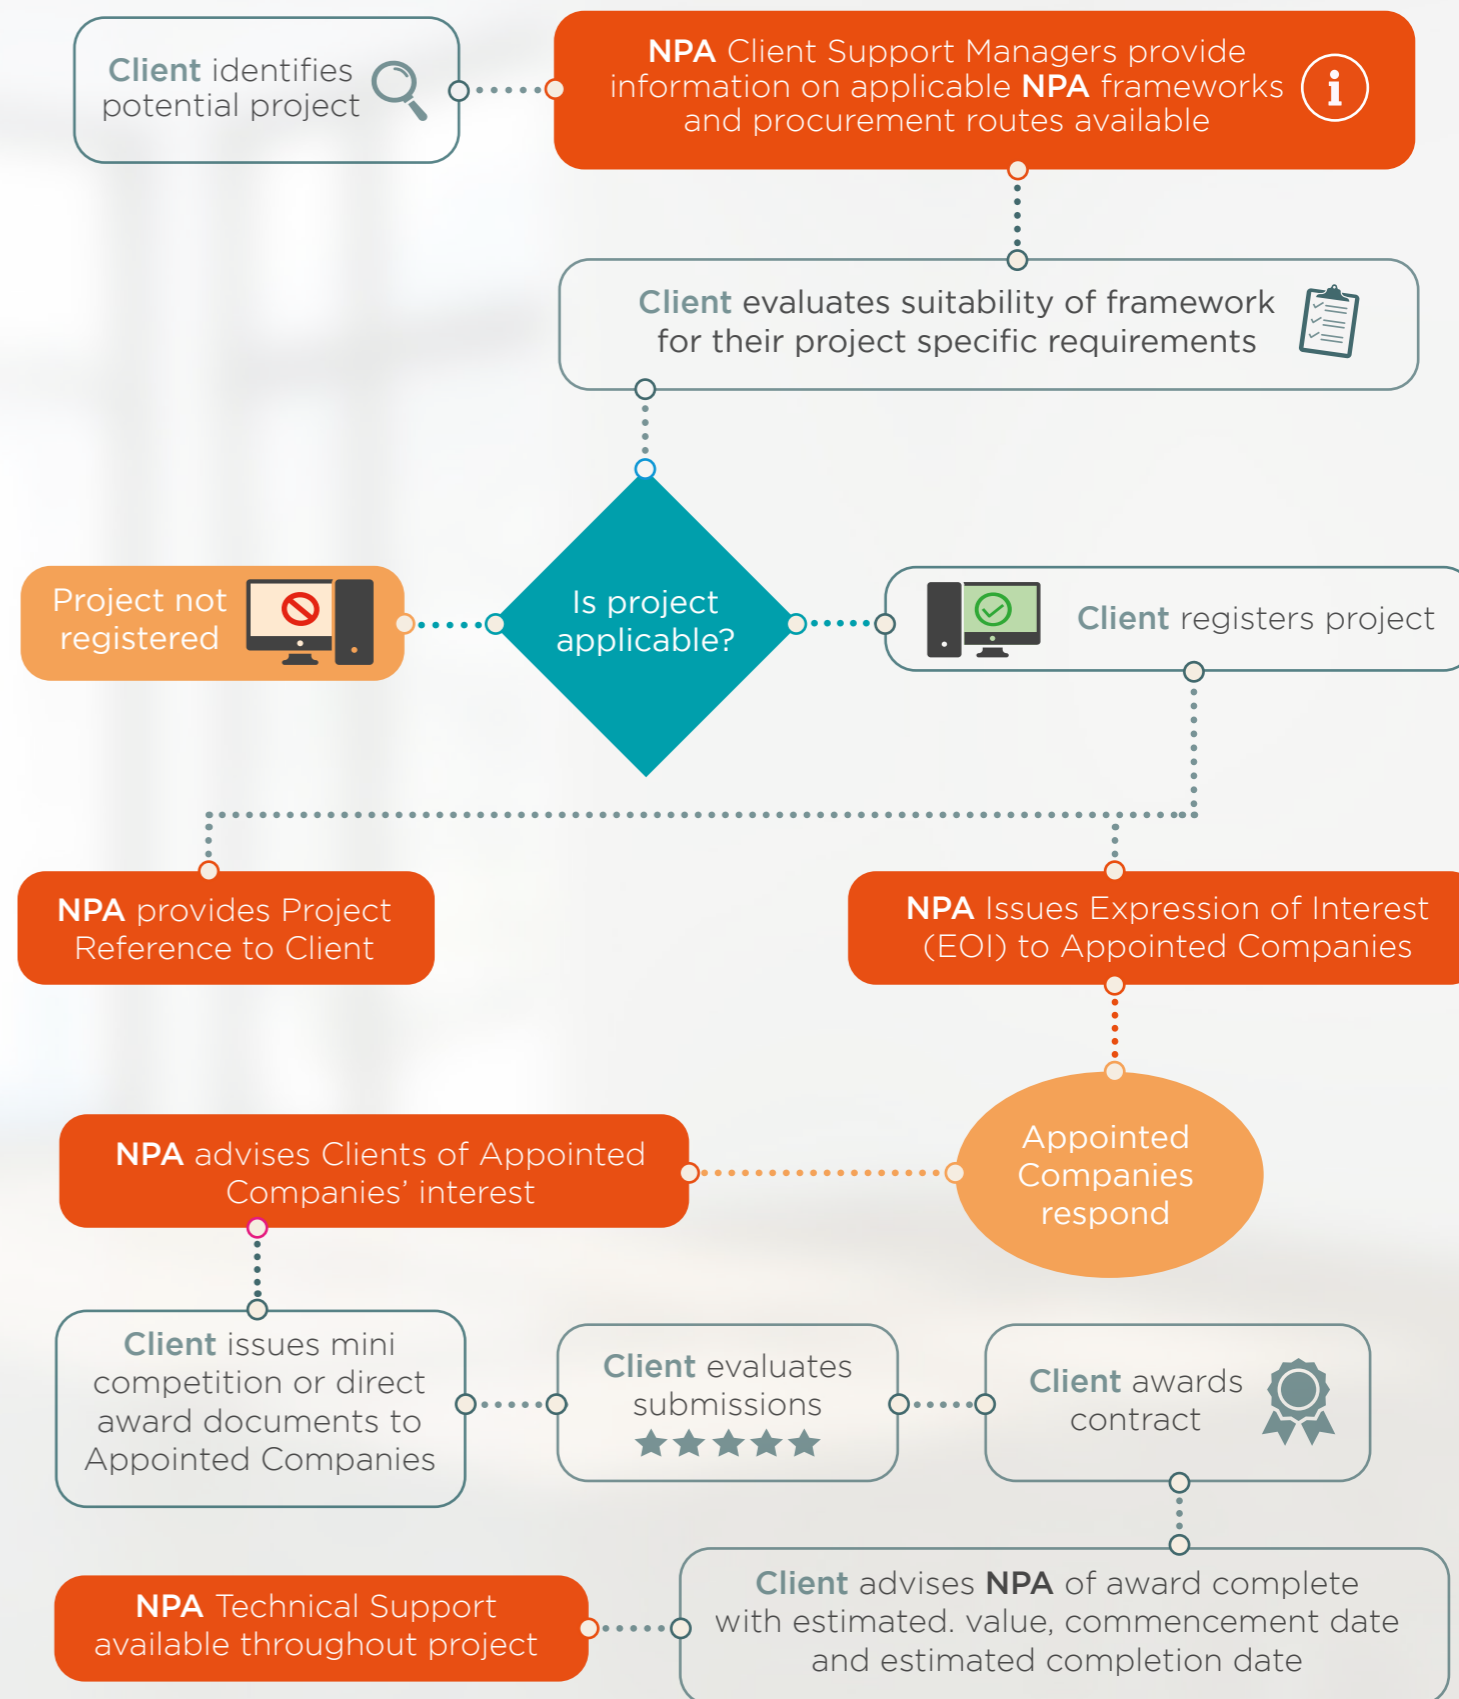

Companies appointed to NPA frameworks are required to pay a small percentage ('the levy') of the total value of every invoice submitted to clients and to submit quotations to clients that are inclusive of the levy. There are no access fees in order to browse our frameworks. As a not-for-profit organisation, NPA returns surplus levy income to our clients to support social value initiatives in the local communities they serve.

General Terms and Conditions

LHCPG uses the FAC-1 standard form of contract to manage our frameworks. The LHCPG pro forma, which should be read in conjunction with the FAC-1 in published form, details the terms and conditions that govern the operation of the framework, including the procedures to call off projects under

the framework. A free copy of the LHCPG proforma is available upon request. The FAC-1 in standard published form can be purchased at a negotiated rate from ACA, by emailing office@acarchitects.co.uk and quoting discount code reference: LHCFAC2516102017.
